## Letter from the Co-Pastors

*“When they came to the place that is called The Skull, they crucified Jesus there with the criminals, one on his right and one on his left. Then Jesus said, ‘Father forgive them; for they do not know what they are doing.’” —Luke 23:33-34*

Dearly Beloved:

Brennan Manning, an American spiritual writer, tells the story of an old man who used to meditate early every morning under a big tree on the bank of the Ganges River in India. One morning, after he finished his meditation, the old man saw a scorpion floating by helplessly in the river. The old man climbed out on one of the big tree roots and reached out into the water to rescue the scorpion—but the scorpion stung him. Instinctively, the man withdrew his hand. He regained his balance on the root and reached out again to rescue the scorpion. Once again the scorpion stung him so badly with its poisonous tail that the man’s hand became swollen and bloody. Clearly, he was in pain.

Another man happened to travel past the old man under the tree just at that moment. When he saw the old man stretched out on the tree roots struggling with the scorpion, the passerby shouted: “Hey, stupid old man, what’s wrong with you? Only a fool would risk his life for the sake of such an ugly, evil creature. Don’t you know you could kill yourself trying to save that ungrateful scorpion?”

The old man turned his head. Looking into the stranger’s eyes, he said calmly: “My Friend, just because it is the scorpion’s nature to sting, that does not change my nature to save.”

We may not want to admit it, but there is at least a little of that scorpion in each one of us. Sometimes we turn away from those who are trying to help us. Sometimes we even hurt those we do not want to hurt. Sometimes we are ungrateful despite what others have done. And sometimes we can even be mean or cruel. Fortunately for us, in Jesus Christ, we encounter God reaching out to us in love no matter how stinging our response is. Fortunately for us, it is Jesus’ nature to save, and his power to save is greater than our power to sin.

*“When I survey the wondrous cross on which the Prince of Glory died,  
My richest gain I count but loss, and pour contempt on all my pride.*

*Were the whole realm of nature mine, that were a present far too small;  
Love so amazing, so divine, demands my soul, my life, my all.*

This year, will you join us on the journey that leads us to that wondrous cross—and to that glorious Easter?

Grace and peace,  
Carter and Kerry

## Upcoming Fellowship Events

### **“GUESS WHO’S COMING TO DINNER” SAT., APRIL 14 CELEBRATE “SOUTHERN NIGHTS” WITH YOUR CHURCH**

Do you long for the comfort soul food of the Southern United States, or do the spicy flavors of Tex-mex foods inspire you? Do you yearn to immerse yourself in the cuisine of Southwest France, or do you prefer the intense flavor of South American foods? Whatever your desire may be, don't feel limited in expressing your culinary tastes and talents!

We are looking for volunteers to host dinners in their houses—and guests to join them there! If you have a table that seats at least six people, you qualify as a host home. The host home is asked to provide the main “Southern Nights” meal. One guest will bring salad and bread to complete the meal. The remaining guests will provide hors d'oeuvres or desserts. We will gather together at church for appetizers, travel to homes for dinner, and come back to the church for dessert and a white elephant exchange. **Childcare will be provided at the church this year!**

Sign up on the Sunday bulletin insert, on the church bulletin board or by calling the church office by April 2.

### **BIRDWATCHING, NATURE PHOTOGRAPHY OR SIMPLY A NICE WALK IN THE COUNTRY— SUN., APRIL 29**

Join others on a nature walk at Hay Creek Reservoir on Sunday April 29. Cars will leave from the church at 2:30 and the walk will begin at 3:00 and will be led by our own Mike Deegan. Bring good walking shoes and water—and a camera if you would like to get some good pictures. All ages welcome. Sign up on the church bulletin board or by calling the church office.

Want to know what to expect? Here is Mike's description of the area: “This area is also part of the Hopewell Big Woods, one of the largest protected and preserved forests in Pennsylvania. The actual reservoir itself is stunningly beautiful. It is a small lake nestled in a grove of Norway spruce, pine, and evergreens. It is a great place just to stop and meditate and listen to nature speak. Although the birds probably won't be easy to see during an afternoon walk, we should be able to hear several species that many folks may not be familiar with. Also the area is adjacent to Trap Rock Quarry which has become home to nesting cliff swallows and they should be active and visible during late April. Ravens are also a possibility. I am certain that we also see many raptors flying over head. Perhaps even a bald eagle, as a pair is known to be residing along the Schuylkill River not far from the Haycreek Watershed. This time of year should also provide many wildflowers and early butterflies.”

### **DEACONS' BLOOD DRIVE**

## Salt and Light

**A monthly look behind the scenes at the mission and ministry of FPC**

**This month: Presbyterian Disaster Assistance**

Over 25% of our Mission budget supports **Presbyterian Unified Giving**. This money is shared by our local Presbytery (Philadelphia), our Synod (Trinity), and by our national Presbyterian church (PCUSA). A portion of the national donation supports Presbyterian Disaster Assistance ("PDA") and its work around the nation and the world. A great example of the work of PDA was the response it coordinated in response to Hurricane Katrina along the Gulf Coast and in New Orleans. Our first adult mission team traveled to Mississippi just six months after the hurricane struck, and were housed by a local Presbyterian church in Gautier. PDA was prepared to stay in the area for several years in order to provide disaster assistance over the long haul. Five years later our adult group was still able to help the victims of Katrina through PDA. The Presbyterian Volunteer Village known as Olive Tree, provided a home for our team as we reached out to the residents of New Orleans.

PDA provides the organization and funding for materials that have allowed over 50,000 volunteer missions to respond to national disasters since 2005. Under the outstanding leadership of Tom Zeigler, First Presbyterian has sent 65 people from our congregation to Mississippi, New Orleans, Lynchburg, and Nashville for the past seven years. Trips per person range from one to seven years, for a grand total of 154 volunteers over that time.

When we see news report of lives torn apart, we naturally ask, "What can I do?" For many years now, Presbyterian Disaster Assistance has given us answers, and ways to step forward and be part of the solution. We can volunteer, we can pack hygiene kits, and we can give of our time, our talent and our treasure. The **One Great Hour of Sharing** is another opportunity to support PDA, as well as the Presbyterian Hunger Program and Self Development of People. Our donations to OGHs allow PDA to be prepared and equipped to effectively minister and to bring a comforting touch, a healing hand, and the love of God when a disaster strikes.

### Branches of the Vine: Special Lenten Offerings

**Bring your fish banks, special envelopes, and checks marked "OGHS" on Palm Sunday or Easter.**

#### **PLEASE HELP RESTOCK THE CLUSTER PANTRY !**

Throughout the Lenten season, we will be collecting food donations for the Cluster. As an added bonus, any food donated to the Cluster between March 1 and April 30 counts toward its share of the \$1 million Feinstein challenge.

**Our goal as a congregation is to collect at least 1000 pounds!** Food items especially needed include tuna, canned meat, oatmeal, canned vegetables and fruit, spaghetti sauce, canned soup, canned pasta, and real fruit juice. The Cluster is also in need of clean plastic bags for food distribution. Please bring your food donations into the church.

## Major Repairs to Stained Glass Windows

The stained glass windows were leaking when it rained. The amount of leakage depended on the volume of rain and wind direction. At times there was so much water that the carpet in front of the windows got wet. Mezalick Design Studio was hired to correct the problems. They made some repairs and did painting on the inside. They made a stop gap on the panels that were bowing. On the outside all areas were sealed, sanding and painting were done as needed. Seams were cut where the panels sit on top of each other and then sealed. Some areas had to have fabricated materials to get a better seal. The repairs were paid from money in the Capital Improvement fund. The primary source of money for the Capital Improvement fund is our endowment.
